

"COVID-19 protocols for XXIX Pan Am Junior Championships 2021"

This document prepared between Badminton Pan Am and the Federation Mexicana de Badminton refers to the reference protocol and **mandatory compliance**, with sanitary measures to be apply for the safe realization of the **XXIX Pan Am Junior Championships 2021**, due to the COVID-19 pandemic that we are facing. This aims to ensure maximum safe sports practice for all, athletes, TOs, staff group, and partners in general.

This protocol complies with general measures and recommendations for prevention, cleaning of facilities, guidelines for staff and hotel area, as well as transport and communication for athletes. Established by local authorities, as well as recommendations made by the BWF for tournaments.

Finally, it is noted that this health protocol is mandatory for all athletes, technical officers, staff, Team Entourage and all the accredited personnel who will make this continental tournament possible. **Please consider these protocols are valid and must be followed even if the individual has been vaccinated.**

Failure to comply with health protocols could lead to a sanction on the athlete/participants

A- Overall Considerations

- All Players, Coaches, Team Managers, Team Entourage, Technical Officials, and tournament Staff and any other accredited personnel who are taking part of this Continental Junior Championships must follow all the indications and guidelines indicated in this document, fail to comply this will lead to a sanction or removed for the tournament.
- It is strongly recommended that all Players, Coaches, Team Managers, Technical Officials and any other personnel which are traveling to Mexico from abroad, to buy a COVID-19 insurance together with the normal international travel insurance.
- **In the case of a suspicious COVID-19 case, the concerned person (relative, entourage) must immediately go straight to isolation (until PCR test can confirm/deny results).**
For this specific situation, the official hotel offers a Humanitarian rate which must be borne by the concerned person. **(check with the hotel if there will be a humanitarian fee)**
- As part of the control and sanitary measures, all accredited participants will go through COVID-19 testing during competition days. For underage athletes, testing will be done with the presence of Team Manager or Coaches **only**.
- **Testing cost for Team Delegate, Coaches and Players will be free of charge. Team Entourage "A" Accreditation will have to cover their tests when requested. (up to four times during stay USD\$25.00 each test.)**
- An event "bubble" will be in place, it will be implemented at official hotel (Hotel Mundo Imperial). Official transportation provided by local organization for arrivals and departures.

- As a bubble is implemented, this means all accredited participants and personnel must follow protocols and not leave facilities until returning flight.

1.-Protocol for players, technical staff and support team:

All accredited participants must provide a COVID-19 PCR negative test taking within 3 days (72 hours) before arrival/participating in the tournament, showing a negative test result. This to ensure that participants enter the tournament are COVID-19 free.

Scanned copy of this result must be sent to the following email events@badmintonpanam.org until July 13th (Team Events) and July 17th (individual event) 2021, no later than 18:00h Lima – Peru Time.

2.-Safety measures in flights and airports.

To enter Mexico, for delegations or players coming from abroad it is recommended to travel by air, to facilitate their access to the country, since the general health measures are those that operate in most countries, such as: use of **mandatory facemask, maintain the physical distance of 1.5 meters, wash your hands periodically during the journey, use antibacterial gel and do not touch your face.** City Airport also guarantees these general health measures.

Once arriving to Mexico Airport, the Airport Authorities may ask all passengers to fill out a form, where data of their last stay is requested, as well a declaration that does not have problems or symptoms of covid-19, and other personal data and details of your stay in Mexico.

In general, they also strictly follow the guidelines issued by aviation authorities as well as airlines.

Considering that in exceptional circumstances, the **PCR Test** results which were submitted are not valid at the moment of the arrival to Mexico, there is in the Airport an **Antigen test taker module**, that can be used for all players, Team managers, TOs, International Staff and others which need to update their results that were submitted before.

- The results of this test will take no more than 30 minutes.
- The cost of this test must be covered by participants which is around **US\$25.00 to \$50.00**

Once the negative result has been obtained, the person can proceed to carry and load his/her luggage; the service of suitcases will not be provided, to avoid contact of strangers with personal items.

3.-Protocol for players, technical staff and support team:

Transportation will be arranged so that players have the physical distance measures which means that not all seats can be used, between 30% and 50% of the total capacity of the vehicles will be used, all **persons on board the transport must use the Mask/ mouth cover/ face mask throughout the journey**, antibacterial gel will be provided for the hands when boarding the transport. All

vehicles used to transport players and support equipment will be disinfected periodically and drivers will follow protocols.

All delegations must stay only in the official hotel (Event Bubble) which complies biosecurity sanitary measures established by the national government such as: temperature control when entering the hotel, hydrogel dispensers in all common areas, capacity control, and adequate and guaranteed cleaning measures.

The official hotel of the tournament may be shared with other guests who are not related to the event. Therefore, it is important for accredited participants to take steps to mitigate risks, such as avoiding close meetings, maintaining safe distances, using face cover and face masks, using antibacterial gel when taking elevators and its recommended capacity. To ensure the safest possible environment for players and the support team, the local organizing committee will aim to create infection-free "bubbles" within the environment of the venue, so athletes will only be inside their rooms with the following exceptions:

- To have meals (Breakfast, Lunch and Dinner) at **Hotel Mundo Imperial**
- To take official transportation to the Venue or Airport.

Gatherings are not allowed in public spaces at the hotel and into the rooms as well

4.- General measures - access to sports facilities:

To access the facilities, players/participants must manage their personal space or **distance of 1.5 meters between each other**. At the entrance everybody without exception must clean their shoes before entering the gym. The venue will be given access only to the minimum people required for the competition, PLAYERS, COACHES, TECHNICAL OFFICIALS, STAFF. (Venue Capacity will be reduced).

The COMPETITION will have a limitation of attendance reflected in the maximum capacity of the venue based on the Specific Protocol of the venue.

The assembly of the competition hall will be in line with social distancing measures of at least 1.5 meters.

The use of mask will be always mandatory, except for PLAYERS for the strict duration of matches. The use of hydroalcoholic gel will be mandatory in the entrances and exits of the seating area and changing rooms. Each day, all accredited personnel, including players and support team, must go through with temperature verification each time they enter the venue.

4.1.-Specific measures in bleachers:

For the "XXIX Pan Am Junior Championships 2021", all players and coaches, due to capacity protocols, will be located in a specific area, for this purpose. **Each PERSON must safeguard the social distancing of 1.5 meters, wear the mask correctly at all times and use antibacterial gel at the inlet and exit. (Specific locations will be designated for each participating delegation within the stands)**

4.2.-Specific measurements in the changing room area.

Each PERSON must follow protocols and make correct use of the changing rooms by minimizing their presence in them and following extreme protection and hygiene measures in the actions carried out.

(The use of showers is not allowed)

Each PERSON must safeguard the social distancing of 1.5 meters, always wear the mask correctly and use antibacterial gel at the entrance and exit of the changing rooms.

5.-Warming courts and practice courts:

To ensure physical distance, a maximum of 4 players of the same team, are allowed practicing on each warm-up court. In addition, warm-up court are strictly limited to those players with upcoming matches. The local organizing committee seek players help to ensure that these measures are followed. The local organizing committee will designate the practice court schedule in a way that limits the number of players within the practice room at any time.

Training shuttlecocks will be provided as stated at Team Managers Meeting.

Warming up shuttlecocks, all players must ensure to have warming up shuttlecocks before warming up time, the Organizing Committee will have a stand to provide a reduced number of warming up shuttlecocks (used ones) previously disinfected.

5.1-Measures for warming up:

BEFORE: Use your own shuttlecocks on the warming up court and pick them up once you finish by safely storing them in the tube, box or throw away. Carry with you everything you need for the match, including a dry towel for drying sweat. You will access the court only when you are explicitly called by public address (not before), respecting the access path that is marked by the local organizer for each of the courts. The player who is called to the match in the first place will be placed on the side of the court furthest to the path. It will place their racket bag 2 mts away from the partner (in case of doubles) and the chair (or location) of the referee. There will be no physical contact with the umpire team, partner, or adversary at any time.

5.2- During a Match:

Safeguard the individual and personal use of your own bottle, towel, rackets and clothing. Ensure the safety distance of 2 meters if you need to go to the Umpire. Avoid holding the shuttlecock with your hands, except during the service you will take it by the feathers. Avoid contact with the net as much as possible. Dry sweat off the playing court and with the use of a personal towel. The court change will be made crossing below the net, in the center of the court. First, the athlete who has won or wins the set will do so. The other athlete, meanwhile, will wait with his/her racket bag to make the change.

For change of shuttlecock/ once indicated by the umpire, the player will deposit the shuttlecock in a container on the side of the service judge and take the replacement shuttlecock located in a specific place.

Sweat Drying/ Once the umpire considers that the court should be dried due to the sweat on the court, it will indicate to the person in charge of drying, he/she will keep the minimum distance required, with the athletes on the side of the court on which the drying service is being performed.

5.3- After a Match:

Dry your sweat, put all the personal items inside the racket bag and put the mask back on. First, will leave the athlete/couple closest to the starting point marked by the organization. Then the other athlete/couple will do so, passing under the net. Keep the safety distance at all times. Once all the people have left the court, the cleaning staff will enter to sanitize the court, chairs and periphery of the field of play.

No additional training requests will be received than those already stipulated, prior to the start of the competition.

6.- Player seating area:

A player seating area will be allocated during playing sessions and adequate distance between players will be arranged. It is important that players and the team's entourage follow physical distance measurements that are inside of a seating area.

To preserve the safety of athletes and other participants, when an athlete or team is eliminated from the competition, they must follow the guidelines about venue capacity in the case of players/teams wishing to attend the competition; for this the purposes the Team Manager must fill a form indicating the number of players which will attend the competition as spectators.

7.- Meeting point:

There will be reduced number of people in the player assembly point area than in previous tournaments. Line judges will walk to the court separately from the players. Instead of shaking hands, players can touch the rackets with their opponents and nod/putting their hand on their chest by greeting the TOs.

8.-Shuttlecock's dispensers

A shuttlecock dispenser will be located at each side of the court. When a player wants to change a shuttlecock and the referee allows him to do so, the player can take the shuttlecock of the dispenser and return the used one dropping it into the shuttlecock box placed close to the Service Judge.

9.-Coaching

Only **one** coach is allowed on court at coach chair.

10.-Award Ceremony.

Before each presentation, players will be asked to disinfect their hands. Only players and authorities are allowed in the presentation area, no children and other entourages are allowed to be there. Physical safety distance measurements will be followed during presentations. Verbal and/or physical contact between athletes is not allowed during the award.

No flags or player equipment other than uniforms will be allowed at award ceremonies.

Any updates on award ceremony protocols will be communicated before beginning ceremony.

A group photo, safekeeping the distance rules will be held at the end of each presentation.

11.- Media obligations

Players will be required to assume post-match media obligations as described in the Regulations. However, there will be new protocols to ensure the safety of players, media and translators.

The mixed zone or media interview area will be placed near the exit of the field of play according to previous tournaments. The only media allowed in these areas will be designated and in addition, interviews in the mixed area and/or interview area will be conducted under physical strict distance rules with the players and translators required to wear face masks. Post-match interviews on the court will not take place until further notice.

12.- Procedure for the case of suspected covid-19.

The exact procedures of the test shall be determined by the local health authority and/or designated testing body at each event and shall be communicated to the Member Associations before, during or at the end of the tournament. Testing will be conducted in a secure environment at a designated facility.

13. – Table of infringements and sanctions of COVID protocols – 19.

(BWF Statutes, Section 2.5.1)

Sanction	Penalty
Do not provide test results when needed before you arrive at the tournament	\$500 If the failure is due to the failure of the test, in addition to the previous penalty, the accreditation can be eliminated, resulting in expulsion from the tournament.
Refusing to take a COVID test – 19, if requested by the Organizers	\$500 USD and removal of accreditation resulting in expulsion from the tournament
Don't reveal COVID symptoms - 19	First incident: \$500 Second Incident: \$1000 USD and expulsion from the tournament

Enter public areas or when it is necessary to be isolated or refuse to isolate (if necessary)	\$500 USD and expulsion from the tournament
Do not stay at designated accommodation (When necessary)	First incident: \$500 Second Incident: \$1000 USD and expulsion from the tournament
Do not follow the rules of the Tournament with respect to the use of mask.	First incident: Verbal warning Second issue: \$250 USD Third Incidence: \$500 USD and expulsion from the tournament
Shake hands or any physical contact between people	First incident: Verbal warning Second and other incident: \$250 USD
