Considering that all sports movement were severely affected due to COVID-19 Pandemic, it is required to consider several actions and efforts to protect all the participants and personnel involved during the delivery of this competition.

The actions might include, testing, National and International bubble implementation and any other updated guidelines which should be considered at the time of the tournament implementation.

It is important to remark, that these measures could change in different ways such a stronger one or less restrictive depending to the evolution of this worldwide situation.

- **Testing**
  - It will be required that all participants including local staff take a PCR test before the beginning of the delivery of the competition, this must be covered the day before at the first international arrival.
  - Several test should be taken during the competition as follows:
    - Upon arrival - before hotel check in (preferable)
    - Every four days through the competition.

- **Bubbles to be implemented**
  - Bubbles can be implemented for the delivery of the event in accordance with accommodation service provided:
    - Official hotel(s) for international players, Entourage, TOs and BPAC Staff.
    - National Sport Villa for National Players, Team Entourage, NTOs and Association Staff. (If is the case).
  - In both cases is strongly recommended to implement guidelines which guarantee the security of all participants.
Transportation

- Enough number of shuttle busses to guarantee the transportation of all participants, meeting all COVID-19 requirements.

Sanitization plan

- Consider products and equipment which may be required for sanitization at venue, transportation units and any other places in which this service could be done.
- Consider other products like, gel, facemask, etc.

Laboratories

- Consider a list of laboratories which offer COVID-19 tests services and its costs in accordance with the test type, to offer to the participants different options in case is require an extra test.
