My main support is based on 4 main axes or pillars that are 1.- Good Governance (Good governance is both a necessity and an obligation for the different associates to grant credibility and respect to this autonomy), 2.- The Strengthening of support and training programs for coaches and judges (We must reinforce the continental base of our sport in order to advance more evenly and solidly in our continent), 3.- Rapprochement between countries and equal opportunities (It is important to create conditions so that all the zones of the Confederation are integrated, each one working under the conditions of their countries, but in an articulated way and that that sense of identity and belonging to the Confederation is generated and to improve the rapprochement) and 4.- The position of the Confederation vis-a-vis to sports Institutions

regarding other sports (The idea is that badminton in America is positioned as other sports are in the games of the Olympic cycle, work hand in hand with the BWF, the IOC, Panam Sports, Centro Caribe Sports, ODESUR, CANOC, ORDECA, ODEBO and any other organization that organizes sporting events).

d. Statement on behalf of nominee on how he / she can assist Badminton Pan Am Confederation.

It is important to be clear that the good programs and structures that Badminton Pan Am has achieved in recent years must be maintained, however, these programs may have points of improvement that could be worked on to be more efficient, however, I do not discard the idea that we have to continue working together, joining efforts and innovating actions in different areas, such as development, events, marketing and communication, allowing us to continue growing as a sport in the continent.

It is also transcendental to look for points of union by regions in the continent (North, Central, South and Caribbean) where we can create alliances that contribute the development of our countries, optimizing resources and actions.

I believe that we have the capacity in the continent to implement new programs to continue progressing, where we rescue proposals in different areas of work such as: training, good practices in the development of school badminton, approach to the Ministries of Education to incorporate our sport in their curricular program of Physical Education at national level, also an approach with the universities that have the career in sport, in order to incorporate badminton in their curriculum and promote research programs, in their faculties within the sciences applied to sport.

We will make efforts to promote congresses and seminars that seek the professional development of the different actors of badminton: leaders, players, coaches, technical officials and Shuttle Time teachers.

Finally, I want to motivate us to continue working on the training and professionalization of the people who work in Badminton, this is an essential pillar in sports development, let us not lose the human resource that we have formed for so many years, nor let it be kidnapped by other sports. If there is an opportunity for improvement and work, we will continue to move forward. Promoting new sources of work in our sport is also an indicator of progress.

3. The good relationship and positioning of Panam before the sports Institutions that organize events in our continent: Panam Sports, Centro Caribe Sports, ODESUR, CANOC, ORDECA, ODEBO, among others.

ON A SMALL ISLAND AS CURACAO. ONE IS THE TALENT DRAIN OF THE JUNIORS WHO ARE GOING ABROAD TO STUDY AND DON'T RETURN. THIS LEAVES A BIG DRAIN IN GETTING THE BADMINTONSPORT AT A HIGHER LEVEL. COUNTRY THAT HAS THESE PROBLEMS AND THAT I THINK THAT CURACAO IS NOT THE ONLY COUNTRY THAT HAS THESE PROBLEMS AND THAT WE CAN LEARN FROM EACH OTHER.

FUTHERMORE IS SEE AS DREAM AN PAN AMERICAN BADMINTON LEAGUE, WHICH LEVEL CAN COMPETE WITH THE TOP BADMINTON COUNTRIES

Ms. Haynes has been involved in badminton in Barbados and the Pan Am region for a number of years in various capacities. In that time, she has been shown a keen interest in the development of the sport and has been instrumental in charting the way for the strategic development of badminton. Much of her focus has been on growing the sport in Barbados through inclusion and also through the grass roots and community participation and having sustainable badminton programs in those areas.

With her skills and passion, she would be a great asset to Badminton Pan Am, as they seek to develop the sport in many of the smaller and less established member associations.

She was recently awarded an Executive Masters in Sports Organizational Management with a Distinction, after being chosen as one of over 100 applicants worldwide. With this knowledge she has been an integral part of developing a strategic plan for badminton in Barbados, and would therefore be well equipped to assist the various member associations who are in the process of developing the sport in their countries.
