PRESIDENT WORDS

Dear colleagues and friends,

We close a year in which our athletes have won much more than tournaments and, therefore, the Pan Am region has seen greater development of badminton in each country. Proof of this is the generational change that we are seeing in the recent podiums of the Pan Am Circuit 2022, young athletes who are already shining and we have no doubt that they will continue to expose the best of Pan American badminton to the whole world.

Let me congratulate our world champions. Pilar, Giuliana and Rubi, we are proud of you for the gold medals obtained in the recent Para badminton World Championships, as well as those who obtained silver and bronze medals such as Vitor, Miles and Nilton. They and all our representatives in this world championship also showed off their game in our Pan Am Championship in Cali, a party that we have not lived since 2018 and has allowed us to meet again with athletes, coaches, managers, etc., like a family, the family of the Pan American Para badminton.

Also in this 2022 we saw the future of Pan Am badminton shine. The Pan Am Junior 2022 held in Santo Domingo allowed us to meet young stars of our sport, some of whom have already closed the year by participating in various tournaments on the Pan Am Circuit.

In addition, our coaches are not far behind and continue training to take badminton to the next level. Thanks to the Badminton World Federation for your constant support and allowing our region to continue to grow.

I am sure that this 2023 will bring us many joys and Pan Am badminton will continue to grow thanks to the great work that each one of you does.

I wish you happiness and success for this new year.

Vishu Tolan

Estimados colegas y amigos,

Cerramos un año en el que nuestros deportistas han ganado mucho más que torneos y, por ende, la región panamericana ha visto mayor desarrollo del bádminton en cada país. Muestra de ello es el cambio generacional que estamos viendo en los recientes podios del Circuito Panamericano 2022, jóvenes deportistas que ya están brillando y no dudamos en que seguirán exponiendo lo mejor del bádminton panamericano para todo el mundo.

Permítanme felicitar a nuestras campeonas mundiales. Pilar, Giuliana y Rubi, estamos orgullosos de ustedes por las medallas de oro conseguidas en el reciente Campeonato Mundial de Para badminton, así como también estamos muy orgullosos de quienes obtuvieron medallas de plata y bronce como Vitor, Miles y Nilton. Ellos y todos nuestros representantes en este campeonato mundial también lucieron su juego en nuestro Campeonato Panamericano en Cali, una fiesta que no vivíamos desde el 2018 y ha permitido que nuevamente nos reunamos con deportistas, entrenadores, directivos, etc, como una familia, la familia del Para badminton Panamericano.

También en este 2022 vimos brillar al futuro del bádminton panamericano. El Panamericano Junior realizado en Santo Domingo nos permitió conocer a jóvenes estrellas de nuestro deporte, algunos de los cuales ya cerraron el año participando en diversos torneos del Circuito Panamericano.

Además, nuestros entrenadores no se quedan atrás y continúan capacitándose para poder llevar el badminton a un siguiente nivel. Gracias a la Federación Mundial de Badminton por su constante apoyo y permitir que nuestra región siga creciendo.

Estoy seguro que este 2023 nos traerá muchas alegrías y el bádminton panamericano seguirá creciendo gracias al gran trabajo que cada uno de ustedes realiza.

Les deseo felicidad y éxito para este nuevo año.
